Shanbhog Narasimhamurthy and Patel Sivanna of Haleyur.	30th August 1938.	No Thakarar ...	.....	.....	The portion in Survey No. 16 of Haleyur proposed for the forest may be reserved for the forest along.	
Shanbhog Thippiah and others of Kenkere.		Pray that the proposed forest line running in Survey No. 18 may be shifted a little bit farther as it is abutting a katte in Survey No. 16 and the cultivation causing much inconvenience.	Oral statement of the villagers at the time of settlement.	The line may be shifted to a distance of 5 chains east from its present position.	I agree with the District Forest Officer. The proposed forest line may be shifted to a distance of 5 to 6 chains east from its present position as shown in the map as prayed for by the villagers to avoid inconvenience to the villagers. Right of way over the existing foot-path from Kenkere to Sringarasagara 2 yards wide and 7 chains long through Survey No. 18 of Kenkere is admitted for men and cattle only throughout the year.	
Patel Hutchegowda, Shanbhog Nanjappa, Nathale Hutchegowda of Kodavatti.		Pray for the complete exclusion of Survey No. 83 of Kodavathi from the Forest as a portion of cultivation has fallen inside the proposed forest line and would cause inconvenience for the grazing of their village cattle.	do	No further exclusion in the proposed area is possible as sufficient gomal has been left out already for the village cattle and only the area granted for cultivation may be excluded from the Forest.	As the present forest line of the proposed block is almost abutting the hiduvali lands granted in Survey No. 83 and some are inside the forest area thereby causing much inconvenience to the village cattle in future; the proposed forest line has been ordered to be shifted to a distance of about 21 chains east from Survey No. 82 of Kodavathi, thereby excluding about 76 acres from the proposed forest for the use of the villagers as prayed for by them.	
Shanbhogh Nanjappa of Bhairanaikanhalli.		Pray for the complete exclusion of Survey No. 29 from the Forest as the proposed area includes a portion of hiduvali land and also would cause in convenience for the requirements of the village cattle.	do	As sufficient gomal has been left out for the use of the village cattle and Survey No. 29 being a kharab land, no further exclusion of any portion of the proposed forest area is possible. Only the small portion of the hiduvali land included in the forest may be excluded.	I agree with the District Forest Officer. Only a portion of the hiduvali land about 2 acres included in the proposed forest area has been ordered to be excluded from the Forest reserving the remaining area in Survey No. 29 for the Forest as proposed, as the villagers have got sufficient gomal for their use. Right of way over the existing foot-path from Bhairanaikanahalli to Bandihalli 2 yards wide and 14 chains long through Survey No. 29 of Bhairanaikanhalli is admitted for men and cattle only throughout the year as the same is in use.	
Shanbhog Nanjappa and Patel Basavegowda, Annegowda, Thimma of Sringarasagara.		Pray for the complete exclusion of Survey No. 34 of Sringarasagara from proposed State Forest for the use of the villagers for being granted for cultivation and for the grazing of village cattle.	Oral statements of the villagers at the time of settlement.	This cannot be granted as the village has got sufficient gomal.	Yes. I agree with the District Forest Officer. As the village cattle have got sufficient gomal left for them, the prayer of the villagers is untenable. Right of way over the existing cart-track from Sringarasagara to Kenkere 6 yards wide and 45 chains long through Survey No. 34 of Sringarasagara and 18 of Kenkere is admitted for men, cattle and carts throughout the year as the same is in use by the villagers.
